

**S10**

**The versatile, safe and comfortable  
platform lift**

**VIMEC**  
*Easy moving*

# S10

## VIMEC

Easy moving

The S10 platform lift ensures ACCESSIBILITY to:

- Private premises (banks, restaurants, shops, offices)
- Public buildings (schools, institutes)
- Homes and residential buildings

S10 is available with five travel distances:

- 1.100 mm
- 1.600 mm
- 2.100 mm
- 2.600 mm
- 2.990 mm

### Easy, Safe

Easy installation and safety when use make S10 an ideal system for freedom of access to buildings of all types, assuring wheelchair users independent personal mobility.

### S10 Platform lift adapts perfectly to all functional and aesthetic needs

S10 requires a minimal pit, meaning installation is really tailored to the existing structures.

### Excellent Construction

S10's outstanding features include a stainless steel structure, design with attention to every detail and state-of-the-art active and passive safety features, as well of course as the wellproven Vimec mechanical drive systems.

The on-board and floor control panels are equipped with keys and can be used easily.

## Standard equipment

- Door, guards and gate posts in **painted metal** (RAL 7040)
- Iron-plate guards (RAL 7040)
- Hold-to-run controls both on the lift and at the floors
- Emergency stop on lift
- Controls at floor and on lift with removable key
- 24 VDC auxiliary circuit
- Safety bar on board (1600, 21000, 2600, 2990)
- Electromechanical locks with removable contact; Electric locks with EN certification
- Automatic overspeed safety valve
- Manual descent function for use in the event of blackout
- Door can be opened from exterior with key
- Anti-crushing edge guard
- Safety edge-under platform proximity sensors

## Optionals

- Automatic doors and gates on Floor
- Remote control post
- Radio controls
- Motorized gate and 90° exit (available only for 1.400x1.100 version)
- AISI 316 Stainless steel finish
- Manual gate on board

### Guaranteed product

The Vimec elevator is guaranteed until to 24 months from the date of consignment

### PSP: at partners' service

Partner Support Program: a Vimec exclusive for its partners, aiming to supply each of them, all over the world, with a series of personalised tools for developing their business and offering the end user a better and better service. This programme includes an introduction to the concepts of "accessibility", specific classroom training courses and training in the field for sales staff and engineers, analysis and assistance for the development of the most appropriate market strategies, and backup for the organisation of seminars (e.g. for architects, civil engineering firms, etc.) and for participation at trade fairs. Close co-operation with its partners guarantees Vimec constant improvement of its degree of knowledge of the various markets and thus of their varying needs in terms of accessibility, which translates into the design of suitable products. All oriented towards better management of customer relations, and the achievement of full customer satisfaction.

### VIMEC Range

A wide range of products dedicated to people: home lifts and elevators, chairlifts and stairlifts, platform lifts and mobile stair climbers.
